Celebrating the Journey ONE SOROR AT A TIME

Welcome

FROM THE
SOUTH ATLANTIC REGIONAL DIRECTOR

Greetings My Sensational Sorors,

We are sending forth the call for our Sensational South Atlantic Region Sorors to join us in Raleigh North Carolina June 20-23, 2024! In just a few short months we will gather for our 31st South Atlantic Regional Conference in the historical capital city of the old north state, Raleigh North Carolina. Our conference will celebrate the 64-year journey to excellence of the youngest region in the sisterhood, the Sensational South Atlantic Region. During our 31st Regional Conference, we will gather to collectively take care of Delta business, and “Celebrate our Journey to Excellence: One Soror at a Time.”

When we gather in the capital city of North Carolina, also known as the “City of Oaks”, our host chapters, Raleigh Alumnae and Mu Omicron Chapters, supported by Knightdale-Wake Forest and Western Wake Alumnae Chapters are busy planning a conference that you will remember for years to come. Sorors Lillian Davis and Dejah Headen, Raleigh Alumnae and Mu Omicron Chapter Presidents, respectively, with the support of Soror Sabrina Tucker, Knightdale-Wake Forest Alumnae Chapter President and Soror Vicki Royal Western Wake Alumnae Chapter President are leading their chapters in preparing for your arrival. These chapters are ready to roll out the Red Carpet, and paint the city red in true Delta Style as they welcome you to Raleigh and Wake County. All of the members of these dynamic chapters are undertaking what can be described as a labor of love to make our conference one that will be a memorable experience for everyone. Our awesome Conference Coordinators, Sorors Jane Fox Long and Angela Hatton, have executed exceptional coordination skills and logistical agility, while balancing a multitude of tasks and responsibilities, all in a collaborative spirit of excellence. Informative workshops and training sessions, along with Regional and National Officer Updates are being planned to ensure that conference attendees leave the conference well equipped to continue with the management and execution of National and Regional initiatives in their respective chapters. We will recognize and celebrate the many accomplishments and successes of chapters and sorors during the conference. Special celebrations and recognitions will be evident throughout the conference as chapters and sorors are presented awards of excellence during most of our events.

Raleigh promises to offer many enriching cultural experiences that will capture hearts from the very young to the most seasoned visitor. There are plenty of venues for family adventure and fun, ranging from various outdoor sporting activities to exquisite dining and everything in between. Please take a few minutes to read our Call to Conference so that you are ready to travel this journey with us. We are looking forward to SEEing you in Raleigh, North Carolina in June.

Always in Love and Excellence,

SOROR TRISH

THE IMPORTANCE OF BOOKING YOUR ROOM THROUGH DELTA

Most Frequently Asked Questions About Housing

Why should I book a room through Delta?

Anticipated room block pickup, which is projected based on our history, is Delta's strongest tool when negotiating future sleeping room rates and meeting space. Anticipated room block pickup is a group of guest rooms that the hotel puts on hold at a specific negotiated rate for a group of people. If Delta is unable to achieve its room block commitment because attendees are making reservations outside of the official room block or canceling/shortening their length of stay at the hotel, the hotel charges Delta an attrition fee to make up for its loss in anticipated room revenue per our signed hotel contract. An attrition fee will increase registration fees and/or other expenses related to the conference. Delta's goal (when feasible) is to keep our registration fees under the standard \$700 registration rate currently being charged by similar organizations. Delta wants to ensure attendees are offered the most economical rate possible for their stay.

What other benefits are there to reserving a room through Delta?

Delta and our official housing company, MCI USA, will work on your behalf to help resolve any issues. If there is a dispute with the hotel, or if you are dissatisfied with your accommodations, MCI USA will assist in those efforts. Transportation will only be provided from "Official Conference Hotels." When you factor in cab fares and travel time to an alternate hotel, you may discover the benefits are not as great as you originally planned. Staying at an official hotel allows you to better network with your peers and remain in the center of the activity surrounding the meeting. In addition, Delta hotel contracts include clauses that protect our attendees in a variety of areas. For example, if the hotel is oversold and must relocate an attendee to another hotel, the hotel must provide complimentary transportation to the alternate hotel and pay for one-night accommodations. This benefit is only extended to attendees at the "Official Conference Hotels."

What is Delta doing to reduce its exposure to attrition fees?

Delta has teamed up with a housing agency, MCI USA, who tracks sleeping room reservations and cancellations for the Regional Conference and works with future hotels in adjusting sleeping room blocks to match current trends.

Most Frequently Asked Questions About Housing

Why should you not use a debit card to book a hotel room?

Using a debit card to book a hotel can be very costly. It's better to use a credit card rather than a debit card when checking into a hotel. The hotel will place a hold on the money in your checking account to cover the potential balance of your stay. The room rate, taxes and estimated incidentals (~\$50 per day) such as meals, telephone calls, internet charges and mini-bar fees will all be used to calculate the hold. Such holds can remain for several days (up to more than a week) after you check out and can cause your card to be declined or charged hefty overdraft fees for purchases you perceive to have sufficient funds in your account to cover. Hotels also put holds on credit cards, but unless you're up against your credit limit, that usually is not a concern.

It is important to note that the non-refundable one-night deposit will be deducted from the card that you enter at the time of booking your hotel room. The card entered at the time of booking will also be on-file with the hotel once our official housing company submits the final rooming list to the hotel.

What if I don't have a credit card?

Don't have a credit card to use? You'll need to keep a high balance in your checking account to cover debit card holds when traveling. Additionally, it is advised to safeguard the checking account where your bill payments and other transactions are withdrawn, open a second checking account used only for debits. Most hotels will accept cash for payment of your stay and incidentals. If using a debit card for incidentals it can take up to 10 days for those funds to release once you check out.

What to do if all of the rooms are sold out?

If all of the rooms are sold out, you will need to add your name to the waitlist. The Sorority has secured an official housing company, MCI USA, for the Regional Conferences and will work in conjunction with the vendor to ensure that we always have rooms available for registered attendees. If at any point, all of the rooms in the block are sold out, please do not go outside of the block to book a room. Our housing company will work on your behalf to secure a room within Delta's official room block. The wait list allows you to walk through the process of booking your room, which includes providing a form of payment that will be charged at the time the additional housing is secured. Once your housing accommodations have been secured through the housing company you receive an official email identifying the hotel selection and room rate. You will be given an opportunity to decline the reservation and not be penalized.
